**Kind Attn: HOD, Mechanical Engineering Department**

**Sub:** Request to depute faculty from Mechanical Engineering Department of your college for Two-Day Faculty Development Program.

Respected Sir,

We are conducting a Two-Day Faculty Development Program on “**Emerging Trends in Industrial Fluid Power, Mechatronics and Automation with Circuit Design and Simulation**” in association with Visvesvaraya Technological University Belagavi. This program is scheduled on 10<sup>th</sup> (Friday) and 11<sup>th</sup> (Saturday) of August 2018.

The objective of this program is to make aware the faculty, about Industrial Fluid Power, Mechatronics, Automation and provide hands-on experience in using Simulation software. In this regard, we request you to depute faculty having teaching and/or lab handling experience in the field of Fluid Power Systems, Mechatronics and Industrial Automation.

This program will be helpful for the faculty to assist students on the simulation of Fluid Power Circuits under **Learning assignment** as a curriculum of the subject "**Fluid Power Systems**" (**Hydraulics and Pneumatics**) for 7<sup>th</sup> semester Mechanical Engineering and to carry out project work in the Automation field.

Kindly do the needful and looking forward to participation from your college.

Thanking you,  
Yours faithfully,

Sd/-  
Prof. D. B. Patil  
Chief Convener  
H.O.D. Mechanical Engineering  
JCE, Belagavi.
