Head of Department –Civil Engineering
Jain College of Engineering,
Belagavi.

Dear Sir

Subject: Company Profile and Proposal for training

CADD Centre - "World Class Training World Over"

As Asia's biggest network of CAD training centres, CADD Centre Training Services is the training arm of the 30 year old CADD Centre Group, head quartered at Chennai, India.

We, being the only company in India to offer an end-to-end solution to CAD users, specialize in Computer Aided Design (CAD), Computer Aided Engineering (CAE), and Computer Aided Manufacturing (CAM) with our wings spread across the globe. We have the resources and the reach.

With over 520 franchise outlets across 24 countries in the last 30 years, CADD Centre has excelled in training over 1 Million engineers, graphic artists and management professionals, who are employed globally.

"To empower individuals through technical training"

The world is changing. The future is a complicated and competitive place! Do you have the skills and knowledge to help move the world to the future? CADD Centre Training Services believes that you could be tomorrow's technology and business leaders and should be equipped to be part of, and lead, that change. In helping achieve this goal, training is key. We specialize in imparting unmatched world-class training.

We work with the aim to provide with passion, integrity, expertise and teamwork, the training and course that works best for you and your business. One that exceeds expectations.

Our unique market-focused courses and industry-trained faculty would give you the edge that you need. Thanks to our focus on industry-institute partnership initiatives, our courses are constantly updated with industry inputs on CAD, CAE, Graphics and Project Management.

CADD Centre maintains the highest standard of facilities which when supported by our team of experienced and professionally qualified tutors creates an excellent environment for professional training. With us, you have a friend, a guide, a teacher and a resource to walk with you every step of the way in your technology career.
