Message from Principal

The current issue of JCE BGM - Reflections will take readers through the information of activities and outstanding achievements of our students, faculty and staff members of the session Jan. 2024 to March 2024.

The New Year 2024 witnessed the successful visit of National Board of Accreditation (NBA) expert team to accreditate Computer Science Engineering and Electronics & Communication Engineering department. Our quest for imparting quality education and the concerted effort of JCE'ans was appreciated by the NBA expert team and has awarded accreditation status till 2027. Ministry of Micro, Small and Medium Enterprises, Government of India recognized JCE as Host Institute (HI) under MSME Innovation scheme.

The current session has witnessed many activities in curricular, co-curricular or extracurricular events all from the perspective of overall growth of its students and faculty. Induction program for students of Post Graduate programs-Shubha Arambha-2024, Kannada Sambhrama 2024 are some of the prominent activities conducted in the campus.

The continued excellence of our students in the academics is again reflected in achieving good grades in the VTU examinations of session 2023-24. Four ranks were bagged by our Post graduate students of Construction Technology in VTU examinations. First semester under Graduate student of Computer Science Engineering department secured 10 out of 10 SGPA. We congratulate all the faculty, staff and students who have contributed for the successful publication of this issue of newsletter.

Dr. J. Shivakumar
Principal & Director

Editor's Speak

Congratulations to all the stakeholders. It is a matter of pleasure and satisfaction that two departments(CSE and E&C) got the NBA Accreditation for three years. All the departments of JCE conducted offline & online Alumni and Parents meet on 26th January 2024. The parents were updated about their ward's performance and briefed about the Departmental activities. MBA Department faculty & final year students visited Kerala as a part of their Industrial visit. The Reader's will witness excellent academic performance of our I Semester B.E. students and also the achievement of our Alumni Mr. Sandesh in the present issue. Our Students got placed in reputed companies. JCE R & D Cell organized an Internship-II program on Research & Innovation. Lots of guests, celebrities & stakeholders participated in the Celebration of "Kannada Sambrama" organized by JCE Kannada Balaga team.

Dr. S. Rohitraj
Professor, HOD - MBA

This quarter began with welcoming the new year 2024. This quarter we had many Industrial Visits for the students. We inaugurated various technical clubs in college. We welcomed PG students - MBA, MCA & M.Tech with their induction program. Industry experts visited the campus for various value added sessions. There was excellent performance from the students in academics, college events, and also in placements. We had good placements this quarter, more than 170 students across all branches were placed.

STORY OF RUPEES TEN

It was the Era of 1969, day Tuesday. Myself along with my two friends were going to school in the morning. It was 7.30 am we were about to reach school, a bicycle rider just crossed us with full speed while he was taking something from his back pocket. Suddenly a ten rupees note flew out of his pocket and fell in front of me. I shouted at him informing him about his note but he could not hear us and went away. Both my friends were looking at me and the ten rupees note in an astonished manner. I lifted that note and asked my friends anybody wants to own it's responsibility and safety, but nobody came forward. So I lifted it and put it in my bag. Told my friends not to utter a bit of this event in front of our teachers. That day we were only physically present in the school but mind was roaming in the market in search of what to buy and what to eat. Teacher also warned us to pay attention.

School got over, we three again assembled outside the school campus and started walking towards home. I asked my friends what shall we do with that money. One suggested let's enjoy Cadbury's Dairy milk chocolate. We bought one big one and could spend hardly one rupee. I asked them again shall we buy something else and spend the entire amount. Both said let's see Tomorrow as thier tummy was full after eating that big Dairy milk. Nine Rupees was still with us, I kept it in my bag, enjoyed the chocolate and all disbursed.

Next day morning while having breakfast when I took out my handkerchief to wipe off my hands, those nine rupees fell down, and my mother saw it. She I asked me from where did you get this. I told her the truth and also said we have spent one rupees out of that. My mother got angry she came with me to school and narrated this incident in front of my class teacher. Now teacher asked each one of us from where have you stolen that money. We all three said, we found it on road and also told her how. But the teacher wasn't convinced. She decided to investigate the matter further.

First she took me alone to that spot where we found that money, I showed her the place. Then she took second and the third guy consecutively and since all have shown her the same spot from where we found the money, she was convinced that we all are speaking truth. Even she convinced my mother, that what these are telling is indeed true. My teacher told me to donate the remaining nine rupees to school fund and close the matter.

After the school hours both my friends started quarreling and arguing with me that they didn't enjoy the money though they had it. Then I told them I asked you yesterday what else you wish to buy and enjoy but you denied, and also weren't ready to keep the money with you, which forced me to keep it with me. So I told them KAL KARESO AAJ KAR, and AAJ KARESO AB.

Those were the golden days as rupee had a value and we three couldn't spend the whole amount in one day.

Tiny Tea Party

Once I attended a Tea party, Yesterday in the college canteen at 3.30 It was quite small, three guests in all I, Myself, and Me, It was I who ordered a pie, Myself was trying to set right my Tie, Me Said hello, hi to the canteen guy, The party was really unforgettable, The bills received weren't negotiable, I ate the Pie, Myself met the canteen boy, Me paid the bills, and walked on to the Hunchanatti hills.

Are you sad? Feeling lonely?

1. You are the Engine of your family.

Yes, you are the main part of your family; we require service regularly in the form of a day out with family, with friends and with kids.

2. You are an Elephant!

Wait my lovely lady not in size okay! Do you know how elephant walks, slowly, steadily, many dogs will be barking but it won't care for them, in a same way you also should move, many people may speak, leave them behind and concentrate on your goal and just move on.

Don't bother about anything because You are lioness, you always roar.
